

I. GENERAL RULES AND REGULATIONS FOR THE PRORATED GAS POOLS OF
NORTHWESTERN NEW MEXICO

F. REPORTING OF PRODUCTION

RULE 21(E)

Upon approval by the Secretary Director as to the specific program to be used, any producer or purchaser of gas may be permitted to report metered production of gas on a chart-period basis; provided the following provisions shall be applicable to each gas well:

- (1) Reports for a month shall include not less than 24 nor more than 32 reported days.
- (2) Reported days may include as many as the last 7 days of the previous month but no days of the succeeding month.
- (3) The total of the monthly reports for a six-month proration period shall include not less than 176 nor more than 184 reported days.
- (4) The total of the monthly reports for a year shall include not less than 360 nor more than 368 reported days.

For purposes of these general rules and regulations, the term "month" shall mean "calendar month" for those reporting on a calendar month basis, and shall mean "reporting month" for those reporting on a chart-period basis in accordance with the exception provided in this rule.

Re: Case No. 2373 before the Oil Conservation
Commission of the State of New Mexico

Gentlemen:

We are local counsel for Pan American Petroleum Corporation and as such wish to enter our appearance in the captioned case. Pan American will also be represented by Guy Buell, a member of the Texas Bar, and a company employee. The actual presentation for Pan American will be made by Mr. Buell.

Very truly yours,

ATWOOD & MALONE

Re: Case No. 2373
El Paso Request for Amendment
of Order R-1670

ATTENTION: Mr. A. L. Porter

Gentlemen:

This is to advise that Sunray Mid-Continent Oil Company, after carefully studying the exhibits and the proposal of El Paso Natural Gas Company and their application to amend Order No. R-1670 has no objection to the granting of their application. Sunray's concern in the matter was that the reporting system be acceptable to both the New Mexico Commission and the United States Geological Survey. Since we are advised that the proposed system is acceptable to the USGS, we have no objection to the adoption of the amendment as requested by El Paso.

Very truly yours,

SUNRAY MID-CONTINENT OIL COMPANY
