Mr. C. W. Trainer
P. O. Box 2222
205 North Linam Street
Hobbs, New Mexico

Dear Mr. Trainer:

The Commission has received from Shell Oil Company an objection to your request for administrative approval of a non-standard location for your Hobbs Well No. 1.

It will be impossible, therefore, for the Commission to grant administrative approval on your request and the matter will be set for hearing before one of the Commission's examiners on October 4, 1961. If this hearing date is unsatisfactory, please let me know.

Very truly yours,

RICHARD S. MORRIS
Attorney

Subject: C. W. Trainer Hobbs No. 1
2545.2' FNL & 1184' FEL
Section 34-18S-38E
Lea County, New Mexico

Mr. C. W. Trainer
P. O. Box 2222
Hobbs, New Mexico

Dear Mr. Trainer:

This is in reply to your request for a waiver by Shell Oil Company to a proposed unorthodox location offsetting our Turner lease in the Hobbs field. Under the present circumstances we are unable to consent to your request. We do recognize the problems in drilling at a legal location in this congested suburban area; however, in view of the substantial reserves under our lease which we feel would suffer appreciable drainage we cannot in good conscience agree to a well located this close to our lease line.

Shell would not object to your proposed surface location provided the hole were bottomed not less than 330 feet from our lease line. Some proof and assurance that the well was bottomed at this prescribed distance from the lease line would, of course, be necessary.

We are, by copy of this letter, informing the New Mexico Oil Conservation Commission of our position in regard to this proposed unorthodox location.

Yours very truly,

Re: Application for non-standard location
C. W. Trainer - Hobbs No. 1
2545.2' fNL & 1184' fEL, Sec. 34-18S-38E
SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 34-18S-38E, Lea County, N. M.

Attention: A. L. Porter, Jr.
Secretary & Director

Dear Mr. Porter:

I attach a plat showing this non-standard location, the acreage to be dedicated, and the offset ownership. I also enclose, for your information, my unfiled C-101 and C-128.

topography

The necessity for this unorthodox location is based on topographical conditions because this is about the only vacant lot on my lease. You may notice that it falls at the corner of Houston and Snyder streets in a heavily populated section of Hobbs.

The location is unorthodox only because it is less than 300' from my lease boundary line. Shell's nearest well is more than 1100' west and Samedan's nearest well is 1100' south.

Today I am notifying the offset operators, Shell and Samedan, by registered mail, of my intent to drill this unorthodox location, and I am requesting their written consent. Carbon copies of these notifications and requests are enclosed for your information along with a photocopy of the Post Office Registration Receipt.

Thank you for considering my application. If Shell and/or Samedan return their written consent to me, I will forward them to you. If either of them protest to you, please schedule a hearing for me as soon as possible because my leases will expire November 15, 1961.

If anything more is required or desired from me for you to grant this exception, please let me know.

Yours very truly,

C. W. Trainer
