Subject: NMOCC Case 2448  
Pan American's Application for  
Pressure Maintenance Program  
Cha Cha-Gallup Oil Pool  
San Juan County, New Mexico

Mr. A. L. Porter, Jr.  
Secretary-Director  
New Mexico Oil Conservation Commission  
P. O. Box 871  
Santa Fe, New Mexico

Dear Sir:

New Mexico Oil Conservation Commission Case 2448 is the application of Pan American Petroleum Corporation for approval of a pressure maintenance program on several of its leases in the Cha Cha-Gallup Oil Pool, San Juan County, New Mexico. This case was originally scheduled for hearing November 29, 1961, but was continued to the January 4, 1962, Examiner Docket.

Accelerated progress in the formation of a unit in the southeast portion of this pool has recently occurred. Because of this progress we are extremely hopeful that in the immediate future a hearing will be requested for approval of a unit and waterflood plans for conducting a unitized pressure maintenance program in the southeastern portion of the Cha Cha-Gallup Oil Pool. For this reason, we hereby request that Pan American's Case 2448 be dismissed. By copy of this letter to all operators in the Cha Cha-Gallup Oil Pool, we are advising that Pan American has requested dismissal of Case 2448.

Yours very truly,

  
Alex Clarke, Jr.
