NEW MEXICO, IN THE MONUMENT MCKEE

CASE NO. 2463

A P P L I C A T I O N

Applicant, Amerada Petroleum Corporation states that:

1. Applicant is the owner and operator of the L. M. Lambert Lease composed of the NE/4 Section 6-T20S-R37E, Lea County, New Mexico.
2. Subject 160 acre lease currently has three Monument Grayburg oil wells, one Monument Grayburg gas well, four Monument Blinbry oil wells, two Monument Pad-dock oil wells and one Eumont gas well.
3. Applicant proposes the conventional dual completion of its L. M. Lambert No. 2 as a Grayburg gas over McKee gas well. Location for both zones is standard, being 1980' from the north section line and 1980' from the east section line.
4. Proration unit ^{SW/4 NE/4} for the Grayburg Zone is 40 acres, consisting of the SE/4 NE/4 Section 6. Unit for the McKee Zone would be a standard 160 acre tract composed of the NE/4 of Section 6.
5. No dual completions between the Monument McKee and Monument Grayburg exist in the area.
6. A plat of the area, a schematic diagram of dual equipment and the Commission Dual Completion form are attached.

Applicant requests that this matter be set for hearing before an examiner, that notice of the hearing be given as required by law and that, after notice and hearing, the Commission enter an order authorizing the proposed dual completion.

Respectfully submitted,

AMERADA PETROLEUM CORPORATION
