Re: Application of Elliott, Inc.
For Administrative Approval
For Exception to Order No.
R-2103 No-Flare Order
Totah Gallup Oil Pool
San Juan County, New Mexico

Dear Mr. Porter:

Application is hereby made by Elliott, Inc. for a thirty day exception to Order No. R-2103 for our Totah No. 1-A, located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 30, Twp. 29N., Rge. 13W., San Juan County, New Mexico.

A field inspection shows the off-set wells to our lease to be producing, which is subjecting our property to drainage.

Our tank battery is relatively isolated from the rest of the field and being a one well battery, whereas the majority of the field is being produced into central tank batteries involving numerous wells into each battery, it is only logical that the gas gathering system should be completed to the larger batteries first.

We are advised by Knight Manufacturing and Supply Company that we cannot expect to be connected to their system before February 15 and in view of previous delays we feel it will probably be at least thirty days before they will be able to make their installation as it is going to require a separate compressor for this one well tank battery.

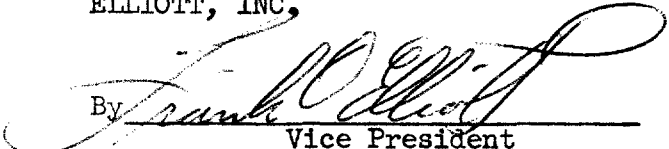

In view of the drainage being effected on our lease and the fact that we are making every effort to expedite the gathering of this gas, we feel that this can be classified as "undue hardship" and respectfully request that the Commission grant us a thirty day exception to the above referenced Commission Order.

The only off-set owner is Aztec Oil & Gas Company and they are being notified by a copy hereof.

Very truly yours,

ELLIOTT, INC.,

Case 2496

February 13, 1962

Mr. Dean Knight
Jalou Gas Company
P. O. Box 5426
Tulsa, Oklahoma

Dear Dean:

Case 2496, application of Elliott, Inc., for an exception to the no-flare provisions of Order No. R-2103, Totah-Gallup Oil Pool, San Juan County, New Mexico, has been set for hearing at the Oil Conservation Commission Conference Room in the State Land Office Building, Santa Fe, New Mexico, on February 27, 1962, at the hour of 9 o'clock a.m.

The Commission on its own motion has issued a subpoena to Mr. David L. Farrington, one of your employees in Farmington, to appear at that hearing with his records concerning the status of the gas gathering facility operated by the Jalou Gas Company in Section 30, Township 29 North, Range 13 West. The Commission is desirous of hearing your testimony at this hearing concerning the status of the facility in this general area.

If you find it possible to be in Santa Fe for this hearing, it should aid the Commission greatly in its disposition of this case.

Very truly yours,

RICHARD S. MORRIS
Attorney
