BEFORE THE
OIL CONSERVATION COMMISSION OF NEW MEXICO

IN THE MATTER OF THE APPLICATION
OF CITIES SERVICE PETROLEUM COMPANY
FOR APPROVAL OF THE CONVERSION OF
WELL NO. 21-3, LOCATED IN THE SE/4
NE/4, SEC. 2, AND WELL NO. 7-1, LOCATED
IN THE NW/4 NW/4, SEC. 1, TOWNSHIP
14 SOUTH, RANGE 31 EAST, N.M.P.M.,
TO WATER INJECTION, IN THE DRICKEY-
QUEEN SAND UNIT, CHAVES COUNTY, NEW MEXICO

A P P L I C A T I O N

Comes now Cities Service Petroleum Company, Operator of
the Drickey-Queen Sand Unit, Chaves County, New Mexico, and
applies to the Oil Conservation Commission of New Mexico for
an order approving the conversion of its Well No. 21-3, located
in the SE/4 of the NE/4, Section 2, and Well No. 7-1, located in
the NW/4 of the NW/4 of Section 1, all in Township 14 South, Range
31 East, N.M.P.M., Chaves County, New Mexico, to injection wells
in the Drickey Queen Sand Unit, and in support thereof would show:

1. That because of reservoir conditions in the NE/4 of
Section 2, and the NW/4 of Section 1, it is necessary that these
wells be placed on injection as soon as possible.

2. That conversion of the wells to injection will prevent
large amounts of oil from being swept into what is considered
a poor reservoir area, with resultant loss of ultimate recovery
of oil from the Drickey-Queen Sand Unit.

3. Conversion of the two wells to injection will protect
correlative rights, and will prevent waste, including underground
waste.

4. Approval of the commission to the conversion of the
wells to injection is necessary for the reason that said wells

have not received a response from the water-flood operations in the Drickey-Queen Sand Unit.

5. Attached hereto, and made a part hereof, are a plat showing the Drickey-Queen Sand Unit, the wells proposed to be converted to injection wells, and a schematic diagram of the installation to be used in the injection wells.

WHEREFORE Cities Service Petroleum Company requests that this matter be set for hearing before the Commission's duly-appointed examiner, and that after notice and hearing as required by law, the Commission enter its order approving the conversion of Well No. 21-3, and Well No. 7-1 to injection.

Respectfully submitted,

CITIES SERVICE PETROLEUM COMPANY
