Oil Conservation Commission of New Mexico
P. O. Box 871
Santa Fe, New Mexico

Gentlemen:

Enclosed is the application of Cities Service Petroleum Company for approval of the conversion of two wells in the Drickey Queen Sand Unit to injection wells.

A hearing before the Oil Conservation Commission or the Commission's examiner is required since the wells involved have not received a response from the water flood operations, and do not qualify for administrative approval under the provisions of Rule 701.

As soon as this application has been set for hearing would you please let me know.

Yours very truly,

Jason W. Kellahin
