Attention: Mr. Elvis A. Utz, Examiner

Gentlemen:

Re: Case 2554 Being Re-opened Pursuant to the Provisions of Order  
No. R-2253 which Established Temporary 80-acre Proration Units  
for the South Lane-Pennsylvanian Pool, Lea County, New Mexico

Tenneco Oil Company concurs with Mr. Walter Hahn of T. F. Hodge that development of the subject field on 40-acre proration units is not economical, and that data collected to date indicates the subject field is being adequately and efficiently drained with 80-acre proration units. Therefore, we recommend that 80-acre proration units be permanently established for the South Lane-Pennsylvanian Field, Lea County, New Mexico.

Very truly yours,

TENNECO OIL COMPANY

Gentlemen:

Pursuant to the provisions of Order No. R-2253 entered by the Commission on June 7, 1962, establishing temporary 80-acre proration units for the South Lane Pennsylvanian Pool, Lea County, New Mexico, please be advised that Case No. 2554 will be reopened at 9 o'clock a.m., on June 5, 1963, in the Oil Conservation Commission Conference Room, State Land Office Building, Santa Fe, New Mexico, at which time all interested parties may appear and show cause why said pool should not be developed on 40-acre proration units.

Very truly yours,

DANIEL S. NUTTER
