Re: Case No. 2610, Order No. R-2297

Dear Mr. Candelaria:

Reference is made to your letter of September 21, 1962, requesting information concerning the above matter.

Please be advised that Southwest Production Company filed an application to force-pool all mineral interests in the Basin-Dakota Gas Pool in the E/2 of Section 9, Township 30 North, Range 11 West, NMPM, San Juan County, New Mexico; that the case was duly advertised and heard before an examiner on July 26, 1962. Southwest Production Company presented the case before the examiner and there were no other entries of appearance. Accordingly, Order No. R-2297 granting the application was issued by the Commission on August 2, 1962.

I am enclosing herewith a copy of this order for your records. As the 30-day period within which parties may apply for a hearing de novo has now run, this matter became finalized.

The only development since the entry of the order is that the Commission has received an itemized current schedule of well costs. This will in no way affect you unless you own a working interest in the subject area. If so, you should have received a copy of the well costs and we will furnish the same to you if you have not. You

are listed on the application as a royalty interest owner and therefore will receive your royalty interest from Southwest Production Company as the well produces.

Allow me to suggest that you furnish Southwest Production Company with your current address and request information from them concerning when you can expect to receive your interest. Southwest Production Company's address is 207 Petroleum Club Plaza, Farmington, New Mexico.

Please advise me if we can be of any further assistance to you.

Case No. 2610, Order No. R-2297,
(Force Pooling, Faye Burdette Well,
E/2, Sec. 9-30N-11W, N.M.P.M.,
San Juan County, New Mexico)

Gentlemen:

Reference is made to the above-described order of the New Mexico Oil Conservation Commission, which is dated August 2, 1962, providing for the force pooling of all mineral interests, whatever they may be, in the Basin-Dakota gas pool in the East Half of Section 9, T-30-N, R-11-W, N.M.P.M., San Juan County, New Mexico, and the dedication of such unit to the Faye Burdette well located thereon.

Pursuant to such order, there is attached an itemized current schedule of well costs. A copy of this schedule has been sent to each known non-consenting working interest owner in the subject unit, in accordance with such order. Each person has been advised of his right to pay his share of costs in such well.

Sincerely yours,

Joseph P. Driscoll
