(7) That the applicant proposes to dedicate the subject proration unit to its Ruby Corseott Well No. 1, located 790 feet from the North line and 1850 feet from the West line of said Section 25.

(8) That the applicant should be allowed to withhold the proceeds from production attributable to each non-consenting working interest until such time as each interest's share of the costs of said well has been recovered, plus 25 percent thereof as a charge for the risk involved in the drilling of the well.

(1) That all mineral interests, whatever they may be, in the Basin-Dakota Gas Pool underlying the N/2 of Section 25,

Township 30 North, Range 12 West, NMPM, San Juan County, New Mexico, are hereby pooled to form a 320-acre gas proration unit. Said unit shall be dedicated to the Ruby Corseott Well No. 1, located 790 feet from the North line and 1850 feet from the West line of said Section 25.

(2) That Southwest Production Company is hereby designated the operator of the subject well and unit.

(4) That \$65.00 per month is fixed as the reasonable cost of operating the subject well, and Southwest Production Company is hereby authorized to withhold from production the proportionate share of such cost attributable to each non-consenting working interest.

(5) That any unsevered mineral interest shall be considered a seven-eighths (7/8) working interest and a one-eighth (1/8) royalty interest for the purpose of allocating costs and charges under the terms of this order.

(6) That any well costs or charges which are to be paid out of production shall be withheld only from the working interests' share of production, and no costs or charges shall be withheld from production attributable to royalty interests.

(7) That the applicant shall furnish the Commission and each known non-consenting working interest owner in the subject unit an itemized schedule of well costs within 30 days following the date of this order.
