Dear Mr. Utz:

Please advise as to the overproduction-underproduction status of the D. W. Falls Fed. No. 2-11 Well located in Section 11, Township 28 North, Range 13 West, N.M.P.M., San Juan County, as of April 1, 1963.

We would also like to request an emergency extension of Order No. R-2213 until such time as the Commission can hear further evidence on this matter and in this connection, we hereby expressly request a hearing at the earliest possible date for this purpose.

Santa Fe, New Mexico

Re: Case No. 2515  
Order No. R-2213

Dear Mr. Porter:

I hereby request six months' extension of the captioned order for the purpose of conducting test to more actively reflect the gas well's deliverability.

Very truly yours,

D. W. Falls  
Operator

Re: Case No. 2821  
Application of D. W. Falls, Inc. for  
extension of Order No. R-2213

Gentlemen:

This is to advise that our client, D. W. Falls, Inc., is presently attempting to conduct a deliverability test on its Federal 2-11 Well located in Unit O of Section 11, Township 28 North, Range 13 West, Basin Dakota Gas Pool, San Juan County, New Mexico, which test will not be completed until May 29, 1963.

If our client is successful in obtaining a fair and representative deliverability on this well, it will dismiss its application in the above referenced case. If, on the other hand, the well's producing characteristics are still of such an unusual nature as to make it impossible to conduct a fair and representative deliverability test thereon, our client will wish to go ahead with its application for extension of Order No. R-2213.

Accordingly, you are hereby requested to continue the hearing in Case No. 2821 from May 22, 1963 to the next regularly scheduled examiner hearing after May 29, 1963.

Very truly yours,

VERITY, BURR, COOLEY & JONES
