Re: Application of Gulf Oil Corporation  
for Approval of a Non-Standard 80-  
acre Gas Proration Unit, Blinebry  
Gas Pool, Lea County, New Mexico

Gentlemen:

We have your application dated April 18, 1963, wherein you request administrative approval of a non-standard 80-acre Blinebry gas proration unit covering the SE/4 SE/4 of Section 28, and the NE/4 NE/4 of Section 33, both in Township 21 South, Range 37 East, Lea County, New Mexico, to be dedicated to your J. N. Carson (NCT-C) Well No. 6.

It will be necessary to docket a case to consider your application as it will be necessary to amend Order No. R-1253 in order to approve the application and we cannot amend an order issued after notice and hearing by administrative order. Therefore, we tentatively have placed the case on the May 22, 1963, examiner hearing docket. We will forward a copy of the docket to you prior to the hearing.

Very truly yours,

J. M. DURRETT, Jr.,
