Dear Sir:

In accordance with the provisions of New Mexico Oil Conservation Commission's statewide Rule 112-A (multiple completions), we enclose in triplicate our application for permission to dually complete the Pan American Greenwood Unit No. 3 in the Undesignated Bone Springs and Wolfcamp Fields. Attached to the application and as supporting evidence are a diagrammatic sketch showing the mechanical details of this completion, a plat showing the location of all wells on this lease and all pertinent offsetting wells and leases, and an electrical log of the subject well with the perforated intervals indicated thereon.

Our files do not indicate that any wells have been dually completed in these zones within one mile of the proposed dual completion. Therefore, we respectfully request that you schedule this matter for public hearing on an early docket.

Yours very truly,
