

DOCKET: REGULAR HEARING - WEDNESDAY - JUNE 20, 1973

OIL CONSERVATION COMMISSION - 9 A.M. - MORGAN HALL, STATE LAND OFFICE
BUILDING, SANTA FE, NEW MEXICO

CASE 4990: In the matter of the hearing called by the Oil Conservation Commission of New Mexico upon its own motion to consider the application of Thriftway Company, operator of a petroleum refinery in Bloomfield, New Mexico, for certification to the Commissioner of Public Lands as a small business enterprise within the state not having an adequate supply of charge stocks and eligible to be granted a preference, pursuant to Chapter 34, New Mexico Laws of 1967, for the purchase of state royalty oil. The Commission will consider the application and such pertinent evidence as may be submitted concerning the capacity of the refinery, the source and grade of all refinery charge stocks currently available to the applicant, the minimum amount and grade of additional refinery charge stocks needed to meet existing refinery commitments or existing refinery capacity, and the efforts made by applicant to purchase refinery charge stocks on the open market.

CASE 4991: Application of El Paso Natural Gas Company for the amendment of the prorated gas pool rules promulgated by Order No. R-1670, as amended.

Applicant, in the above-styled cause, seeks the amendment of the General Rules and Regulations for the Prorated Gas Pools of Northwest New Mexico and Southeast New Mexico, as promulgated by Commission Order No. R-1670, as amended. Applicant proposes:

1. That Rule 9 (B) of the Northwest New Mexico Gas Proration Rules and 10 (A) of the Southeast New Mexico Gas Proration Rules each be amended to provide that the monthly allowable assigned to a marginal well would be equal to its latest available monthly production.
2. That Rule 13 of the Northwest New Mexico and Southeast New Mexico Gas Proration Rules be amended to provide that the proration period would be the 12-month period from 7:00 a.m. April 1 of each year to 7:00 a.m. April 1 of the following year. (The current proration period, due to terminate at 7:00 a.m. January 1, 1974, would be extended to 7:00 a.m. April 1, 1974).
3. That Rule 16 (A) of the Northwest New Mexico and Southeast New Mexico Gas Proration Rules be amended to provide that each proration period consist of four classification periods for the purpose of classifying wells marginal, each such classification period being of three months duration; and to provide that after production data is available for the last month of each such classification period, any well which had an underproduced status at the beginning of the gas proration period would be classified marginal

(Case 4991 continued from Page 1)

if its highest single month's production during the classification period is less than its average monthly allowable for the classification period, unless within 15 days after receipt of notice of classification of a well as marginal, the operator of the well or other interested person presents satisfactory evidence to the Commission showing that the well is not of marginal character and should not be so classified.

Applicant, in addition to the above-requested specific rule changes, further requests such additional word changes in other orders and/or Rules of the Commission (including but not limited to Order No. R-333-F-1) as may be necessary to effectuate the substantive rule changes proposed herein.
