BEFORE THE  
OIL CONSERVATION DIVISION  
NEW MEXICO DEPARTMENT OF ENERGY AND MINERALS

IN THE MATTER OF THE APPLICATION OF  
DOYLE HARTMAN FOR COMPULSORY POOLING,  
UNORTHODOX WELL LOCATION AND NON-  
STANDARD PRORATION UNIT, LEA COUNTY,  
NEW MEXICO.

Case \_\_\_\_\_

APPLICATION

Comes now, DOYLE HARTMAN, by and through his undersigned attorneys and, as provided by Section 70-2-17, N.M.S.A., 1978 Compilation, hereby makes application for an order pooling all of the interests in the Queen, Penrose and Grayburg Formations in and under the S/2 NE/4 of Section 13, Township 21 South, Range 36 East, Eumong Gas Pool, Lea County, New Mexico, and in support thereof would show the Commission:

1. Applicant is the owner of approximately 53% of the working interest in and under the S/2 NE/4 of said Section 13, and applicant has a right to drill thereon.
2. Applicant proposes to dedicate the above-referenced non-standard pooled unit to a well to be drilled at an unorthodox location 1650 feet from the North line and 2310 feet from the East line of said Section 13.
3. Applicant has sought and obtained either voluntary agreement for pooling or farmout from all other working interest owners in the S/2 NE/4 of said Section 13 except for the following working interest owners:
  - a. Flour Oil & Gas Corporation 1/16
  - b. Gary E. Leascher and Cynthia D.  
Leascher and Michael Sullivan  
and Gail Sullivan 1/16

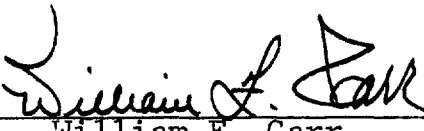

- c. Texaro Oil Company 1/40
- d. Betti G. Guttag and Jack Guttag and Charles Guttag, individually and as co-executors under the Will of Dorothy Gutman, deceased 28/120
- e. Edith G. Socolow and A. Walter Socolow, individually and as Trustees under Agreement dated November 24, 1976 28/360

Said pooling of interest and well completion will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights.

4. In order to permit the applicant to obtain its just and fair share of the oil and gas underlying the subject lands, the mineral interests should be pooled and applicant should be designated the operator of the well to be drilled.

WHEREFORE, Applicant prays that this application be set for hearing before the Division's duly appointed examiner and that after notice and hearing as required by law, the Division enter its order pooling the land, including provisions designating the applicant as operator of the well, providing for applicant to recover its costs of drilling, equipping and completing the well, its costs of supervision while drilling, and after completion, including overhead charges and a risk factor for the risk assumed by the applicant in drilling, equipping and completing the well and further approving the non-standard proration unit and the unorthodox location for said well and making such other and further provisions as may be proper in the premises.

Respectfully submitted,  
CAMPBELL AND BLACK, P.A.
