Dear Mr. Morrow:

Please refer to part four of Section VII of Form C-108 for Phillips Petroleum Company's proposed James "A" State Pressure Maintenance Project. In part four, the source of the injection fluid is specified as produced water from the James "A", James "E" and Livingston Ridge leases. Part four of Section VII should be ammended to include produced water from Phillips' Peak View lease. Your consideration of this request is greatly appreciated.

Very truly yours,

Jack E. Pickett
