Re: Application of Collins & Ware, Inc. for Compulsory Pooling and an
Unorthodox Well Location, Lea County, New Mexico

Dear Mr. Westbrook:

This letter is to advise you that Collins & Ware, Inc. has filed the enclosed application with the New Mexico Oil Conservation Division seeking the force pooling of all mineral interests in all formations developed on 320-acre spacing in the N/2 of Section 13, Township 20 South, Range 33 East, N.M.P.M., Lea County, New Mexico. Collins & Ware, Inc. proposes to dedicate the above-referenced pooled acreage to a well to be located at an unorthodox location 990 feet from the North line and 1750 feet from the East line of said Section 13.

This application has been set for hearing before a Division Examiner on May 2, 1991. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, or affected by the proposed unorthodox location, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.

Very truly yours,
