Re: Application of Stevens Operating Corporation for an Unorthodox Well
Location, Chaves County, New Mexico

Gentlemen:

This letter is to advise you that Stevens Operating Corporation has filed an application with the New Mexico Oil Conservation Division seeking approval of an unorthodox gas well location in the Devonian formation, South Lone Wolf-Devonian Pool, for its McClellan Federal No. 3 Well at a point 2310 feet from the South line and 330 feet from the East line of Section 28, Township 13 South, Range 29 East, N.M.P.M., Chaves County, New Mexico.

This application has been set for hearing before a Division Examiner on July 25, 1991. You are not required to attend this hearing, but as an owner of an interest that may be affected by the unorthodox well location, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.

Very truly yours,

WILLIAM F. CARR
