OPPOSITION OR OTHER PARTY

(Please make a concise statement of the basis for opposing this application or other wise state the position of the party filing this statement.)

Chevron objects to the compulsory pooling of its interest in the SW/4 of Section 20, T22S, R33E, Lea County, New Mexico by the applicant's attempt to pool the W/2 of this Section.

Applicant's request violates Section 70-2-17(c) in that it proposes a pooling under terms and conditions that are not fair and reasonable.

Applicant can form on a voluntary basis a 320-acre spacing unit consisting of the N/2 of Section 20. Applicant's request is not supported by substantial geologic evidence justifying the inclusion of the Chevron acreage.
