

1-6-92

To whom it may concern:

We wish to make known our  
opposition to the proposed injection  
well which would be placed a  
few miles southwest of our home.  
We believe the pollution of our  
water supply would be a very  
real threat should this well be  
put into use.

William J. Lemay  
P.O. Box 2088  
State Land Office Building  
Santa Fe, New Mexico 87504

Dear Sirs,

I beg to differ with you that there was no protests about using PFI Amoco "19" Federal Well #2 located in Unit K of Section 19, Township 22S, Range 26E, N.M.P.M. in Eddy County, New Mexico.

I personally called your Oil Conservation Office in Artesia, New Mexico to protest the use of said well as an injection well. This was on October 11th at 8:20 a.m. I was told that I or we would have to protest this at a hearing and that I would be notified when the hearing would be held so that we could be there to voice our objection.

We were never notified of any hearing and it was not published in the Carlsbad newspaper.

I want you to know that we are plenty mad about this and would like to see the go ahead order SWD-449 revoked, until a proper hearing of all concerned parties are NOTIFIED.

Concerned parties to include the City of Carlsbad, 101 North Halagueon; neighbors having water wells in the vicinity-L.J.Kincaid, 68 Chinaberry Road; John Little, 3306 Hidalgo Road; Ronald Fredricks 3616 Hidalgo Road, and myself Jesse F. Rayroux, P.O. Box 644 (230 McKittirck Road) all in Carlsbad, New Mexico 88220.

Sincerely,

*Jesse F. Rayroux*

To Who Ever

Has Aodine Injection Well Service  
of Section 19 S. Range 26 East  
Township 22

We, Residents near the property  
Ron + Brenda Frederick object to the  
injection well because it will endanger  
the fresh water zone - the only water  
in the area.

Ronald D. Frederick
