Re: Application of Yates Petroleum Corporation for Compulsory Pooling, Chaves  
County, New Mexico

Dear Mr. Schellinger:

This letter is to advise you that Yates Petroleum Corporation has filed the enclosed Application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in all formations to the base of the Abo formation, in and under the NW/4 of Section 32, Township 6 South, Range 26 East, N.M.P.M., Chaves County, New Mexico. Yates Petroleum Corporation proposes to dedicate the referenced pooled unit to its Tamarack QF State Com Well No. 3 to be drilled at an orthodox location 1980 feet from the North line and 660 feet from the West line of Section 32, to a depth of approximately 4300 feet, more or less, to test the Abo formation, Pecos Slope-Abo Gas Pool.

This application has been set for hearing before a Division Examiner on December 3, 1992. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Carl A. Schellinger  
November 9, 1992

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.

Very truly yours,
