Application of Union Oil Company of California d/b/a Unocal for an  
Administrative Downhole Commingling Procedure Within the Rincon Unit  
Area, Rio Arriba County, New Mexico

Dear Mr. Prando:

Enclosed for your information is a copy of an application we filed on behalf of Union Oil Company of California seeking authority to downhole commingle production from certain formations within its Rincon Unit Area. This application was filed after discussions with the OCD in which Unocal was seeking authority to commingle production in several wells. The Division recommended that Unocal seek blanket authority for commingling so future applications could be handled administratively.

Following the February 4, 1993 hearing on this application, it was discovered that notice of this case had not been provided to the Commissioner of Public Lands. Accordingly, Examiner David Catanach has directed Unocal to review this matter with you. If the Commissioner has no objection to this proposal, please execute one copy of this letter and return it to me for filing with the Oil Conservation Division.

Very truly yours,
