San Juan County, New Mexico

Gentlemen:

Please consider this letter the formal application of Merrion Oil & Gas Corporation for an order of the New Mexico Oil Conservation Division force-pooling all mineral interests from the surface of the earth to the base of the Basin-Fruitland Coal (Gas) formation underlying the E/2 of Section 26, Township 26 North, Range 13 West, N.M.P.M., San Juan County, New Mexico, forming a standard 320.00 acre coal gas spacing and proration unit for the Basin Fruitland (Gas) Pool to be dedicated to the Serendipity No. 1 Well to be recompleted in the Basin-Fruitland Coal (Gas) formation at a standard coal gas well location 1650 feet from the south line and 2310 feet from the east line of said Section 26. Merrion Oil & Gas Corporation requests that such order designate Merrion Oil & Gas Corporation as the operator of the proposed recompletion operation, and that it provide for the recovery by the joining working interest owners of the costs of recompleting, equipping and operating the well, together with a reasonable charge for risk involved in recompleting the well. In addition, Merrion Oil & Gas Corporation requests that the order establish a reasonable charge for the supervision of the well during the recompletion and production stages.

Please place this application on the August 26, 1993 docket of the New Mexico Oil Conservation Division.

Enclosed are two additional copies of this letter application. Please advise should you require any additional information.
