STATEMENT OF CASE

APPLICANT

(Please make a concise statement of what is being sought with this application and the reasons therefore.)

Yates Petroleum Corporation, applicant in the above-captioned cause, seeks authority to institute a horizontal directional drilling pilot project in the Tomahawk-San Andres Pool on its Loveless LQ State Lease in the SE/4 of Section 36, Township 7 South, Range 31 East. Applicant proposes to drill its Loveless LQ State Well No. 9 at a surface location 990 feet from the South line and 2310 feet from the West line (Unit N); kicking off from vertical, build angle to approximately 90 degrees with a medium radius curve and continue drilling a horizontal drainhole in said pool. Applicant further seeks special rules and provisions within the project area including the designation of a prescribed area limiting the horizontal displacement of any drainhole to within 100 feet of the boundary of the project area. Further, applicant seeks the promulgation of special operating rules and procedures for said project area including the formation of an oversized and irregular shaped spacing and proration unit to accommodate such wellbore, and the assignment of a special oil allowable to this unit.

OPPOSITION OR OTHER PARTY

(Please make a concise statement of the basis for opposing this application or otherwise state the position of the party filing this statement.)
