**STATEMENT OF CASE**

**APPLICANT**

(Please make a concise statement of what is being sought with this application and the reasons therefore.)

Collins & Ware, Inc., applicant in the above-captioned case, seeks to initiate a high angle/horizontal directional drilling pilot project in the Undesignated East Herradura Bend-Delaware Pool underlying the SW/4 NW/4 and NW/4 SW/4 of Section 31, Township 22 South, Range 29 East, to form a non-standard 80-acre oil spacing and proration unit for said pool. The applicant proposes to complete its existing Quahada Ridge Federal 31 Well No. 1, located at an orthodox surface location 2310 feet from the South line and 330 feet from the West line (Unit L) of said Section 31, by kicking-off from vertical in a northerly direction commencing to build angle at an appropriate rate to vertically and horizontally traverse the proposed producing area. Further, the applicant seeks the promulgation of special operating rules and procedures therefor including the designation of a target window such that the horizontal or producing portion of the wellbore shall be no closer than 330 feet to any boundary of the project area, and for a special project allowable.

**OPPOSITION OR OTHER PARTY**

(Please make a concise statement of the basis for opposing this application or otherwise state the position of the party filing this statement.)

**PROPOSED EVIDENCE**

APPLICANT

WITNESSES (Name and expertise)	EST. TIME	EXHIBITS
