Gentlemen:

This letter is to advise you that Yates Petroleum Corporation has filed the enclosed application with the New Mexico Oil Conservation Division seeking the force pooling of all mineral interests in all formations to the base of the Abo formation, in and under the SE/4 of Section 20, Township 6 South, Range 26 East, N.M.P.M., Chaves County, New Mexico. Yates Petroleum Corporation proposes to dedicate the referenced pooled unit to the Hancock AHC Com No. 3 Well which will be drilled at an orthodox location 660 feet from the South line and 1980 feet from the East line of Section 20, to test all formations to the base of the Abo formation, Pecos Slope-Abo Gas Pool.

This application has been set for hearing before a Division Examiner on June 9, 1994. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.
