Dear Ms McRae:

This letter is to advise you that AnSon Gas Corporation has filed the enclosed application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in all formations to the base of the Strawn formation, in and under the NE/4 SW/4 of Section 33, Township 16 South, Range 38 East, N.M.P.M., Lea County, New Mexico. AnSon Gas Corporation proposes to dedicate the referenced pooled units to its Lawrence 33 Well No. 1 to be drilled at a standard oil well location in the NE/4 SW/4 of said Section 33.

This application has been set for hearing before a Division Examiner on July 21, 1994. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.

Very truly yours,

Gentlemen:

This letter is to advise you that AnSon Gas Corporation has filed the enclosed application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in all formations to the base of the Strawn formation, in and under the NW/4 SE/4 of Section 33, Township 16 South, Range 38 East, N.M.P.M., Lea County, New Mexico. AnSon Gas Corporation proposes to dedicate the referenced pooled units to its Anderson 33 Well No. 1 located at a standard oil well location in the NW/4 SE/4 of said Section 33.
