NEW MEXICO DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES

JAN 3 1990

OIL CONSERVATION DIV.
SANTA FE

IN THE MATTER OF THE APPLICATION OF
DAVID H. ARRINGTON OIL AND GAS, INC.
FOR A NON-STANDARD GAS PRORATION UNIT,
LEA COUNTY, NEW MEXICO.

CASE NO. 9893

APPLICATION

DAVID H. ARRINGTON OIL AND GAS, INC. through its undersigned attorneys, hereby makes application to the New Mexico Oil Conservation Division for approval of a non-standard gas proration unit in the Jalmat Gas Pool, and in support thereof would show the Division:

1. Applicant is the operator of the E/2 NW/4 and W/2 NE/4 of Section 21, Township 24 South, Range 37 East, N.M.P.M., Lea County, New Mexico.
2. Applicant seeks an exception to the requirements of Rule 5 of the Special Rules and Regulations for the Jalmat Gas Pool to permit the dedication of the above-described non standard proration unit in the Jalmat Gas Pool to the J.F. Black Well #4 located at a standard location 1980 feet from the North and East lines of Section 21.
3. That approval of this application will afford applicant the opportunity to produce its just and equitable share of hydrocarbons in the Jalmat Gas Pool underlying this proration unit and will otherwise be in the best interest of conservation, the prevention of waste and the protection of correlative rights.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing before a duly appointed Examiner of the Oil Conservation Division on January 24, 1990, and that after notice and hearing as required by law, the Division enter its order granting this application and providing such other and further relief as is proper in the premises.

Respectfully submitted,

CAMPBELL & BLACK, P.A.
