Ladies and Gentlemen:

Manzano Oil Corporation has continued the Unorthodox Location and Compulsory Pooling Hearing to July 25, 1990. In the meantime, we will continue to encourage and receive two (2) remaining elections.

There are numerous tangents and complicated situations to analyze and work out before the Farmout Agreement and/or Joint Operating Agreement are completed. We appreciate your patience in waiting for these instruments to be prepared. They will be mailed to you for your review and acceptance when available.

Very truly yours,

  
Jim Ball

Vice President, Land
