Dear Mr. LeMay:

On behalf of Pacific Enterprises Oil Company (USA), we would appreciate you setting the enclosed Application for a public hearing on the Division's Examiner docket now scheduled for June 27, 1990.

By copy of this letter to all parties to be pooled, we are notifying them by certified mail-return receipt, that they have the right to appear at the hearing, to make a statement to the Division, to present evidence and cross-examine witnesses either in support of or in opposition to the Application. Those parties are directed to contact the Division or the Applicant's attorney to determine what additional rights they may have. In addition, they are advised that the entry of a compulsory pooling order will affect their rights to share in the production from the subject well.

#### <u>APPLICATION</u>

COMES NOW, PACIFIC ENTERPRISES OIL COMPANY (USA), by and through its attorneys, KELLAHIN, KELLAHIN & AUBREY, and in accordance with Section 70-2-17(c) NMSA (1978) applies to the New Mexico Oil Conservation Division for an order pooling all mineral interest E/2 Section 34, Township 17 South, Range 28 East, Eddy County, New Mexico. The above described unit is to be dedicated to its 34 State Com No. 1 Well to be drilled at standard well location in said Section 34, and in support thereof would show:

 Applicant is a working interest owner in the E/2 of Section 34, T17S, R28E, N.M.P.M., Eddy County, New Mexico.

2. Applicant desires to drill a well at a standard location to a total depth of approximately 10,800 feet to test the Morrow formation, at a location 1980 feet from the South line and 1980 feet from the East line of Section 34. 3. Applicant has sought a voluntary agreement with all those parties shown on Exhibit "A" for the formation of appropriate spacing and proration unit for the drilling of the subject well, but has been unable to obtain a voluntary agreement.

4. Pursuant to the Division notice requirements, Applicant has notified all those parties shown on Exhibit "A" of this Application for compulsory pooling and the Applicant's request for a hearing before the Division to be set on June 27, 1990.

5. In order to obtain its just and equitable share of the potential production underlying the above tract, Applicant needs an order pooling the mineral interests involved in order to protect Applicant's correlative rights and prevent waste.

WHEREFORE, Applicant prays that this Application be set for hearing before the Division's duly appointed Examiner, and that after notice and hearing as required by law, the Division enter its order pooling the mineral interest described herein. Applicant further prays that it be named operator of the well, and that the order make provisions for Applicant to recover out of production its costs of drilling, completing and equipping the subject well, costs of operation, including costs of supervision, and a risk factor in the amount of 200% for the drilling and completing of the well, for such other and further relief as may be proper.
