Attention: Peggy Bradfield

*RE: Administrative Application for an unorthodox coal
gas well location; Kutz Deep Test No. 1, 990' FSL -
1650' FEL (Unit O), Section 21, Township 28
North, Range 10 West, NMPM, Basin Fruitland
Coal Gas Pool, San Juan County, New Mexico.*

Dear Ms. Bradfield:

This agency has received an objection from Breck Operating Corporation to the subject filing in a timely manner (see copy attached); therefore, this matter will be set for hearing before an examiner on the next available docket scheduled for July 25, 1990.

Please provide adequate notice for such an application prior to the hearing as required by Division General Rule 1207.

If you should have any questions concerning this matter, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael E. Stogner".

Kutz Deep Test #1
990' FSL, 1650' FEL
Section 21, T-28-N, R-10-W
San Juan County, New Mexico

Dear Mr. LeMay:

This letter is written on behalf of B.B.L., Ltd. B.B.L., Ltd. owns working interests in the acreage that offsets the requested non-standard gas well locations requested by Meridian Oil Inc. for the Basin Fruitland Coal Pool.

We are opposed to Meridian's requests for the non-standard gas well locations. To grant such locations would work a hardship on B.B.L., Ltd. and would create drainage problems for B.B.L., Ltd. We believe the established drainage patterns will best protect the correlative rights of all parties.

Also, B.B.L., Ltd. has approached Meridian about forming pooled units for recompletion possibilities in the Fruitland Coal in the same sections at standard locations. For these reasons we request that their requests be denied.

Yours very truly,

Ronald A. Holloway
Land Manager
