STATEMENT OF CASE

APPLICANT

(please make a concise statement of what is being sought with this application and the reasons therefore.)

Because of previously approved non-standard proration units issued to Quinoco Petroleum and because of the irregular sized sections in the township, Phillips seeks approval of various non-standard proration units and non-standard locations for the drilling of the coal gas wells identified in the application.

The configuration used by Phillips seeks to dedicate acreage that might otherwise be excluded from participation in a coal gas spacing unit.

OPPOSITION OR OTHER PARTY

(Please make a concise statement of the basis for opposing this application or otherwise state the position of the party filing this statement)

None anticipated.
