imposed on non-consenting interest owners. As reason
therefor, Mewbourne states that there are interest owners
who have failed or refused to voluntarily join in the well.

Dear Mr. Moore:

As instructed this date by Richard Moore, enclosed for your further handling is an oil and gas lease with bank draft covering your 1/160 mineral interest under the captioned 160 acre tract of land. As agreed, we are purchasing a lease from you on the basis of \$100.00 per net mineral acre for a three (3) year paid-up lease providing for a 3/16 royalty interest in the event oil and/or gas production is established under the captioned land or land pooled therewith.

Regarding the above, please execute the lease in the following procedure:

- (1) In the presence of a Notary Public, please sign your name exactly as typed on the front of the lease.
- (2) Have the notary complete the acknowledgement on the back of the lease and affix notary seal.
- (3) Endorse the bank draft and have your bank forward the executed lease with the bank draft to our bank in Tyler, Texas for collection. If your bank requires a collection fee, we will pay it as a part of the transaction.
- (4) Keep the copy of the lease for your file.

As we now have a lease from you covering your mineral interest under the captioned land, you can now disregard the provisions of the compulsory pooling order previously sent to you as your interest is no longer subject to it, as explained to your son.

Your cooperation in connection with this trade is greatly appreciated. Please call collect if you should have any further questions regarding the above or if I can be of further service to you.

Sincerely,

Mewbourne Oil Company

Dear Mr. Moore:

Thank you for your letter of December 27, 1990 wherein you responded to certain information requested regarding the captioned estates.

Regarding the captioned land, our Drilling Title Opinion dated December 26, 1990 credits The Heirs or Devisees of John C. Moore, presumably being Charles B. Moore and William C. Moore a 1/80 mineral interest (2 net mineral acres) under the captioned 160 acre tract of land. This interest apparently was inherited by your father from the Estate of Myrtle Stubblefield, Deceased.

In the above connection, Mewbourne Oil Company hereby offers you \$100.00 per net mineral acre for a three (3) year paid up oil and gas lease providing a 3/16 royalty interest.

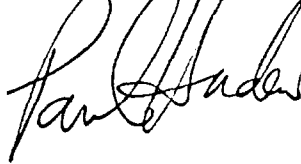

The above offer is subject to immediate acceptance and approval of title. If the above offer is acceptable, please respond immediately and indicate the name of the bank you wish to be used in the lease and your social security number.

By copy of this letter, I am offering William C. Moore the same offer as described above which is also subject to immediate acceptance.

Your cooperation in connection with the above is greatly appreciated.
Please call should you have any questions regarding the above.

Dear Mr. Moore:

Regarding the captioned well, enclosed for your further handling is a copy of the captioned order issued by the New Mexico Oil Conservation Division authorizing compulsory pooling. Eddy County, New Mexico

Dear Mr. Moore:

Please be advised, we are attempting to locate the heirs at law of Myrtle Stubblefield, deceased who died without leaving a valid Will. In this connection, your father apparently was a nephew of Mrs. Stubblefield. For reference, Mrs. Stubblefield owned a $\frac{1}{2}$ mineral interest under the captioned land which we are attempting to secure leases on to drill a well.

Regarding the above, title research indicates John C. Moore died on or about December 9, 1978 leaving Charles B. Moore and William C. Moore, his sons as his sole surviving heirs. Records further indicate Lila B. Moore, his wife, pre-deceased John C. Moore. We would appreciate your cooperation in confirming this. With your cooperation we will be able to establish your inheritance of your father's apparent mineral ownership under the captioned land. After this is accomplished, we would be interested in buying an oil and gas lease covering William C. Moore's and your mineral interest under the captioned land to allow us to drill a well to explore for gas under the subject Section 29.

If you are willing to cooperate with us regarding the above, please furnish us the following:

- 1) Certified copy of the Death Certificate of Lila B. Moore, or the County name where we can secure copy of same.
- 2) If Lila B. Moore had a Will, we would appreciate receiving a certified copy of same or the name of the county where the estate was administered or probated so we can obtain the appropriate information.

3) Please also confirm my assumption of the following facts:

a) Your father was married one time only during his lifetime and that was to Lila B. Moore. They lived together as husband and wife until the death of Lila B. Moore on _____.

b) Charles B. Moore and William C. Moore were the only children born during the course of marriage of John C. Moore and Lila B. Moore and no other children were adopted during this marriage.

As we would like to drill our well under the captioned land the first quarter of next year, your immediate response and cooperation in connection with the above will be greatly appreciated.

Sincerely,

Mewbourne Oil Company

Dear Mr. Moore:

As discussed, enclosed for your further handling is an oil and gas lease with bank draft covering your 1/160 mineral interest under the captioned 160 acre tract of land. As agreed, we are purchasing a lease from you on the basis of \$100.00 per net mineral acre for a three (3) year paid-up lease providing a 3/16 royalty. Under the terms of this lease, you will be paid your proportionate part of the 3/16 royalty interest in the event oil and/or gas production is established under the captioned land or land pooled therewith.

Regarding the above, please sign the lease in the following procedure:

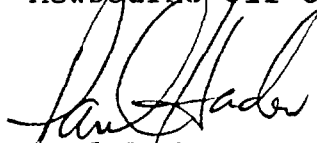

- (1) In the presence of a Notary Public, sign your name exactly as typed on the front of the lease.
- (2) Have the notary complete the acknowledgement on the back of the lease and affix notary seal.
- (3) Endorse the bank draft and have your bank forward the signed lease with the bank draft to our bank in Tyler, Texas for collection. If your bank requires a collection fee for this transaction, we agree to pay it.
- (4) Keep the copy of the lease for your records.

As we now have a lease from you covering your mineral interest under the captioned land, you can now disregard the provisions of the compulsory pooling order previously sent to you as your interest is no longer subject to it.

Your cooperation in connection with this trade is greatly appreciated. Please call collect if you should have any further questions regarding the above or if I can be of further service to you.

Sincerely,

Mewbourne Oil Company

Dear Mr. Moore:

Regarding the captioned well, enclosed for your further handling is a copy of the captioned order issued by the New Mexico Oil Conservation Division authorizing compulsory pooling. - (1) Lease your interest to us as offered in my letter to you dated January 18, 1991, or
- (2) Sign the enclosed AFE and pay your proportionate part of the well costs regarding the captioned well.

In the event you choose option number two (2) above, an operating agreement will be forwarded to you for execution after we have received your signed AFE.

Order No. R-9414

Dear Mrs. Hamilton:

Enclosed for your further handling and information is a copy of Order No. R-9414 issued by the New Mexico Oil Conservation Division regarding compulsory pooling for the captioned well to be drilled by Mewbourne. Also enclosed in this regard is a copy of Mewbourne's Authorization for Expenditure (AFE) for the captioned well which is an estimated well cost.

The above is furnished to you as you are the surviving executrix of the Estate of Myrtle Stubblefield, Deceased. The enclosed pooling order does not effect your individual interest under the captioned land, since we have a lease with you.

Although Mrs. Stubblefield left a Last Will and Testament dated December 11, 1967, we are treating the Will as inoperative and are treating her estate as an intestate estate. As set out in paragraph four (4) of her Will, she apparently left verbal instructions for her executrices to distribute the residue of her property to her nieces as designated by her. We can find no evidence that these instructions were in writing and that the residue of her property was properly distributed to the nieces intended.

Since there are many heirs involved in the Estate of Myrtle Stubblefield, most of whom we are in contact with, have leased their interest or are in the process of leasing their interest, there always is the possibility that there may be some unknown heirs or heirs we cannot locate or lease.

As we are contractually bound under the terms of an operating agreement with OXY USA Inc. (a working interest owner in the captioned well) to commence drilling operations on or before March 31, 1991, we had to initiate compulsory pooling actions against all the heirs and unknown heirs we do not have a lease with.

In addition to furnishing you a copy of the captioned order and AFE, I have furnished all the known unleased heirs a copy of same for their consideration.

Should you have any questions regarding the above, please advise.

Sincerely,

Mewbourne Oil Company
