Re: Pennzoil Company  
NMOCD Case 8170

Dear Mr. Ramey:

On behalf of Pennzoil Company we filed for hearing a forced pooling application for the N/2SE/4 of Section 20, T16S, R37E, Lea County, New Mexico.

I have been advised that all parties have now reached a voluntarily agreement for the drilling of this well.

Accordingly, please dismiss this case which is set on the Examiner Docket for July 25, 1984.

Very truly yours,

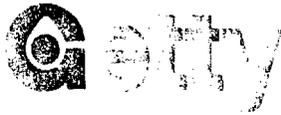

W. Thomas Kellahin

Gentlemen:

Getty Oil Company has gained management approval and hereby elects to participate as a working interest owner in drilling the proposed 11,800' Strawn development test on the above subject acreage. Getty's respective Working Interest and Net Revenue Interest will be 63.75% and 55.78125%, respectively.

As discussed in our meeting held April 17, 1984, due to Getty's large working interest and acreage position, Pennzoil Company has agreed to allow Getty Oil Company to be Operator and drill said well. A new AFE prepared by Getty and Operating Agreement will be forthcoming.

In compliance with this agreement, Pennzoil shall release Getty Oil Company's mineral interest from any Compulsory Pooling Order in which you make application to the State of New Mexico Oil Conversation Division Commission (Note Case No. 8170 on April 15, 1984 NMOCD hearin continued to the Examiner Docket set for May 23, 1984). Pennzoil hereby agrees to proceed with said compulsory pooling in regard to Felmont Oil Corporation's and Amerind Oil Company's mineral interest unless prior agreements have been consummated. Also, Pennzoil agrees to testify in support of Getty Oil Company being the Operator of the proposed test.
