Case 8463

Re: Amerind Oil Company
Application for Unorthodox
Location and Compulsory
Pooling, Lea County, New
Mexico

Dear Florene:

Enclosed herewith you will find, executed in triplicate, an application for an unorthodox location and compulsory pooling which we are filing on behalf of Amerind Oil Company. In line with our telephone conversation, it is my understanding that this will be set for hearing on the November 14 docket.

If anything additionally is needed in order to complete the filing for this case, please call.

Very truly yours,

BEFORE THE OIL CONSERVATION DIVISION
OF THE ENERGY AND MINERALS DEPARTMENT

STATE OF NEW MEXICO

APPLICATION OF AMERIND OIL CO.)
FOR AN UNORTHODOX WELL LOCATION)
AND COMPULSORY POOLING, LEA)
COUNTY, NEW MEXICO)

Case 8463

APPLICATION

Amerind Oil Co., by its undersigned attorneys, hereby makes application for and requests approval of an unorthodox well location and the granting of an Order pooling all interests in the Pennsylvanian Formation underlying the S $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 28, Township 16 South, Range 37 East, N.M.P.M., Lea County, New Mexico, located in the Northeast Lovington - Pennsylvanian Pool, and in support thereof would show:

1. Applicant is the operator with interests underlying and is entitled to proceed with the drilling of a well located in S $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 28, Township 16 South, Range 37 East, N.M.P.M., Lea County, New Mexico, under the authority of Applicant's ownership of an oil and gas leasehold interest therein.
2. Applicant wishes to drill an oil well at an unorthodox location to test the Pennsylvanian Formation underlying said S $\frac{1}{2}$ NW $\frac{1}{4}$ Section 28 at a location 1,980 feet from the West line and 1,350 feet from the North line of Section 28.
3. Applicant proposes to dedicate said S $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 28 to the well, with the well to be known as the #2 Speight Well.
4. Applicant requested the parties listed on the attached schedule as owners of undivided mineral interests in S $\frac{1}{2}$ NW $\frac{1}{4}$ Section 28 to agree to lease, participate in the drilling of said well or to farmout or otherwise commit their interests to said well, but the parties so far have refused to do so.
5. A well at said unorthodox location will better enable the Applicant to produce oil and associated gaseous hydrocarbons underlying the proration unit.
6. Applicant seeks that the Division consider the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charge for supervision, designation of applicant as operator of the well and a charge for risk involved in drilling said well.

7. Approval of the unorthodox location and the pooling of all interests in the Pennsylvanian Formation in S $\frac{1}{2}$ NW $\frac{1}{4}$ Section 28 is in the interest of conservation and will prevent waste and protect correlative rights.

8. Applicant respectfully requests the setting of this matter before the Division at its regular hearing on November 14, 1984.

Dated this 24th day of October, 1984.
