Re: Proposed Waterflood Project
State 5-8-33 and State 5A Leases
Chaveroo (San Andres) Pool
Chaves and Roosevelt Counties, New Mexico

Gentlemen:

Champlin Petroleum Company requests authority to establish a waterflood project on the State 5-8-33 and State 5A Leases located within the Chaveroo (San Andres) Pool, Chaves and Roosevelt Counties, New Mexico. Attached are the following for both wells which will be included in the proposed project:

1. Form C-108
2. Plat of area showing wells and leases within a 0.5 and a 2.0 mile radius.
3. Wellbore Schematic Diagram
4. Copy of the E-Log of the well.
5. Copies of waiver letters sent to offset operators and the surface owners.

Additionally, Champlin knows of no wells completed in any pool other than the Chaveroo (San Andres) within the two mile radius with the exception of the Phillips Petroleum Davis Wells No. 4-N and 5-N located in Sections 18 and 7 respectively of T-8-S and R-33-E in Chaves County which are completed in the Tobac (Penn) Pool.

It is our understanding of Rule 701A and B that this application will require a hearing be held. Champlin respectfully requests that this application be scheduled for hearing under the provisions of Rule 701.

Yours very truly,

CHAMPLIN PETROLEUM COMPANY

Re: Champlin Petroleum Company
NMOCD Case 8437
Chaveroo (San Andres) Pool
Waterflood Project

Dear Mr. Quintana:

In accordance with the request of Jeff Taylor at the hearing on Wednesday, January 16, 1985, Mr. Jerry Carter, of Champlin, has contacted the State Engineers Office in Roswell, New Mexico, and has confirmed that the State Engineer has no record of any water wells permitted within the area of review. Mr. Carter's phone number is (713) 754-2552.

Please let me know if you desire me to prepare a draft order for your consideration.

Very truly yours,

W. Thomas Kellahin
