Re: Application for Administration
Approval of Unorthodox
Gas Well Location

Gentlemen:

MorOilCo, Inc., Drawer I, Artesia, New Mexico 88210, hereby respectfully requests administrative approval of an unorthodox gas well location, because of recompletion of the well in a different horizon. The Stivason Federal #1 is located 330 feet from the north line and 330 feet from the east line of Section 33, T19S, R34E, Lea County, New Mexico.

The Stivason Federal #1 was originally drilled for oil on an orthodox oil well location with the Queen as the pay objective. It was recompleted as a gas well in a different shallower horizon (Seven Rivers), resulting in an unorthodox gas well location.

Enclosed please find a copy of the lease map showing offsetting lease operators and a survey platt. All offsetting operators will be notified by certified mail.

Thank you for your help in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Frank S. Morgan".
