Re: Oil Conservation Division Case 8738: Application of
Chama Petroleum Company for Salt Water Disposal, Eddy
County, New Mexico.

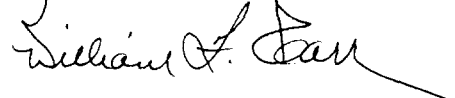

Dear Mr. Stogner:

As you will recall, at the October 23, 1985 hearing in the above-referenced case, it was discovered that notice of Chama's salt water disposal application had not been provided to each leasehold operator within one-half mile of the well. Pursuant to your request, notice of the application ^{C/O} was provided by certified mail to each of these owners on October 24, 1985, and I enclose copies of these letters. Return receipts have been received from all interest owners.

Also enclosed is a water well location map as requested in reference to our Exhibit No. 1 - Water Well Test Analysis. If you need anything further from us to process this application, please advise.

Chama Petroleum Company is prepared to go forward with this work immediately, and would appreciate your expediting this matter to the fullest extent possible.

Very truly yours,

William F. Carr

Re: Salt Water Disposal Application
Eddy County, New Mexico

Dear Mr. Patterson:

This letter is in reference to the same project as our letter to you dated September 20, 1985. Attached is a copy of New Mexico Oil Conservation Division Form C108, an application for authority for Chama Petroleum Company to inject salt water into the Fanning #1 well. This well is located 1980' from the south and west lines of Section 4, T-19-S, R-26-E.

Yours truly,

CHAMA PETROLEUM

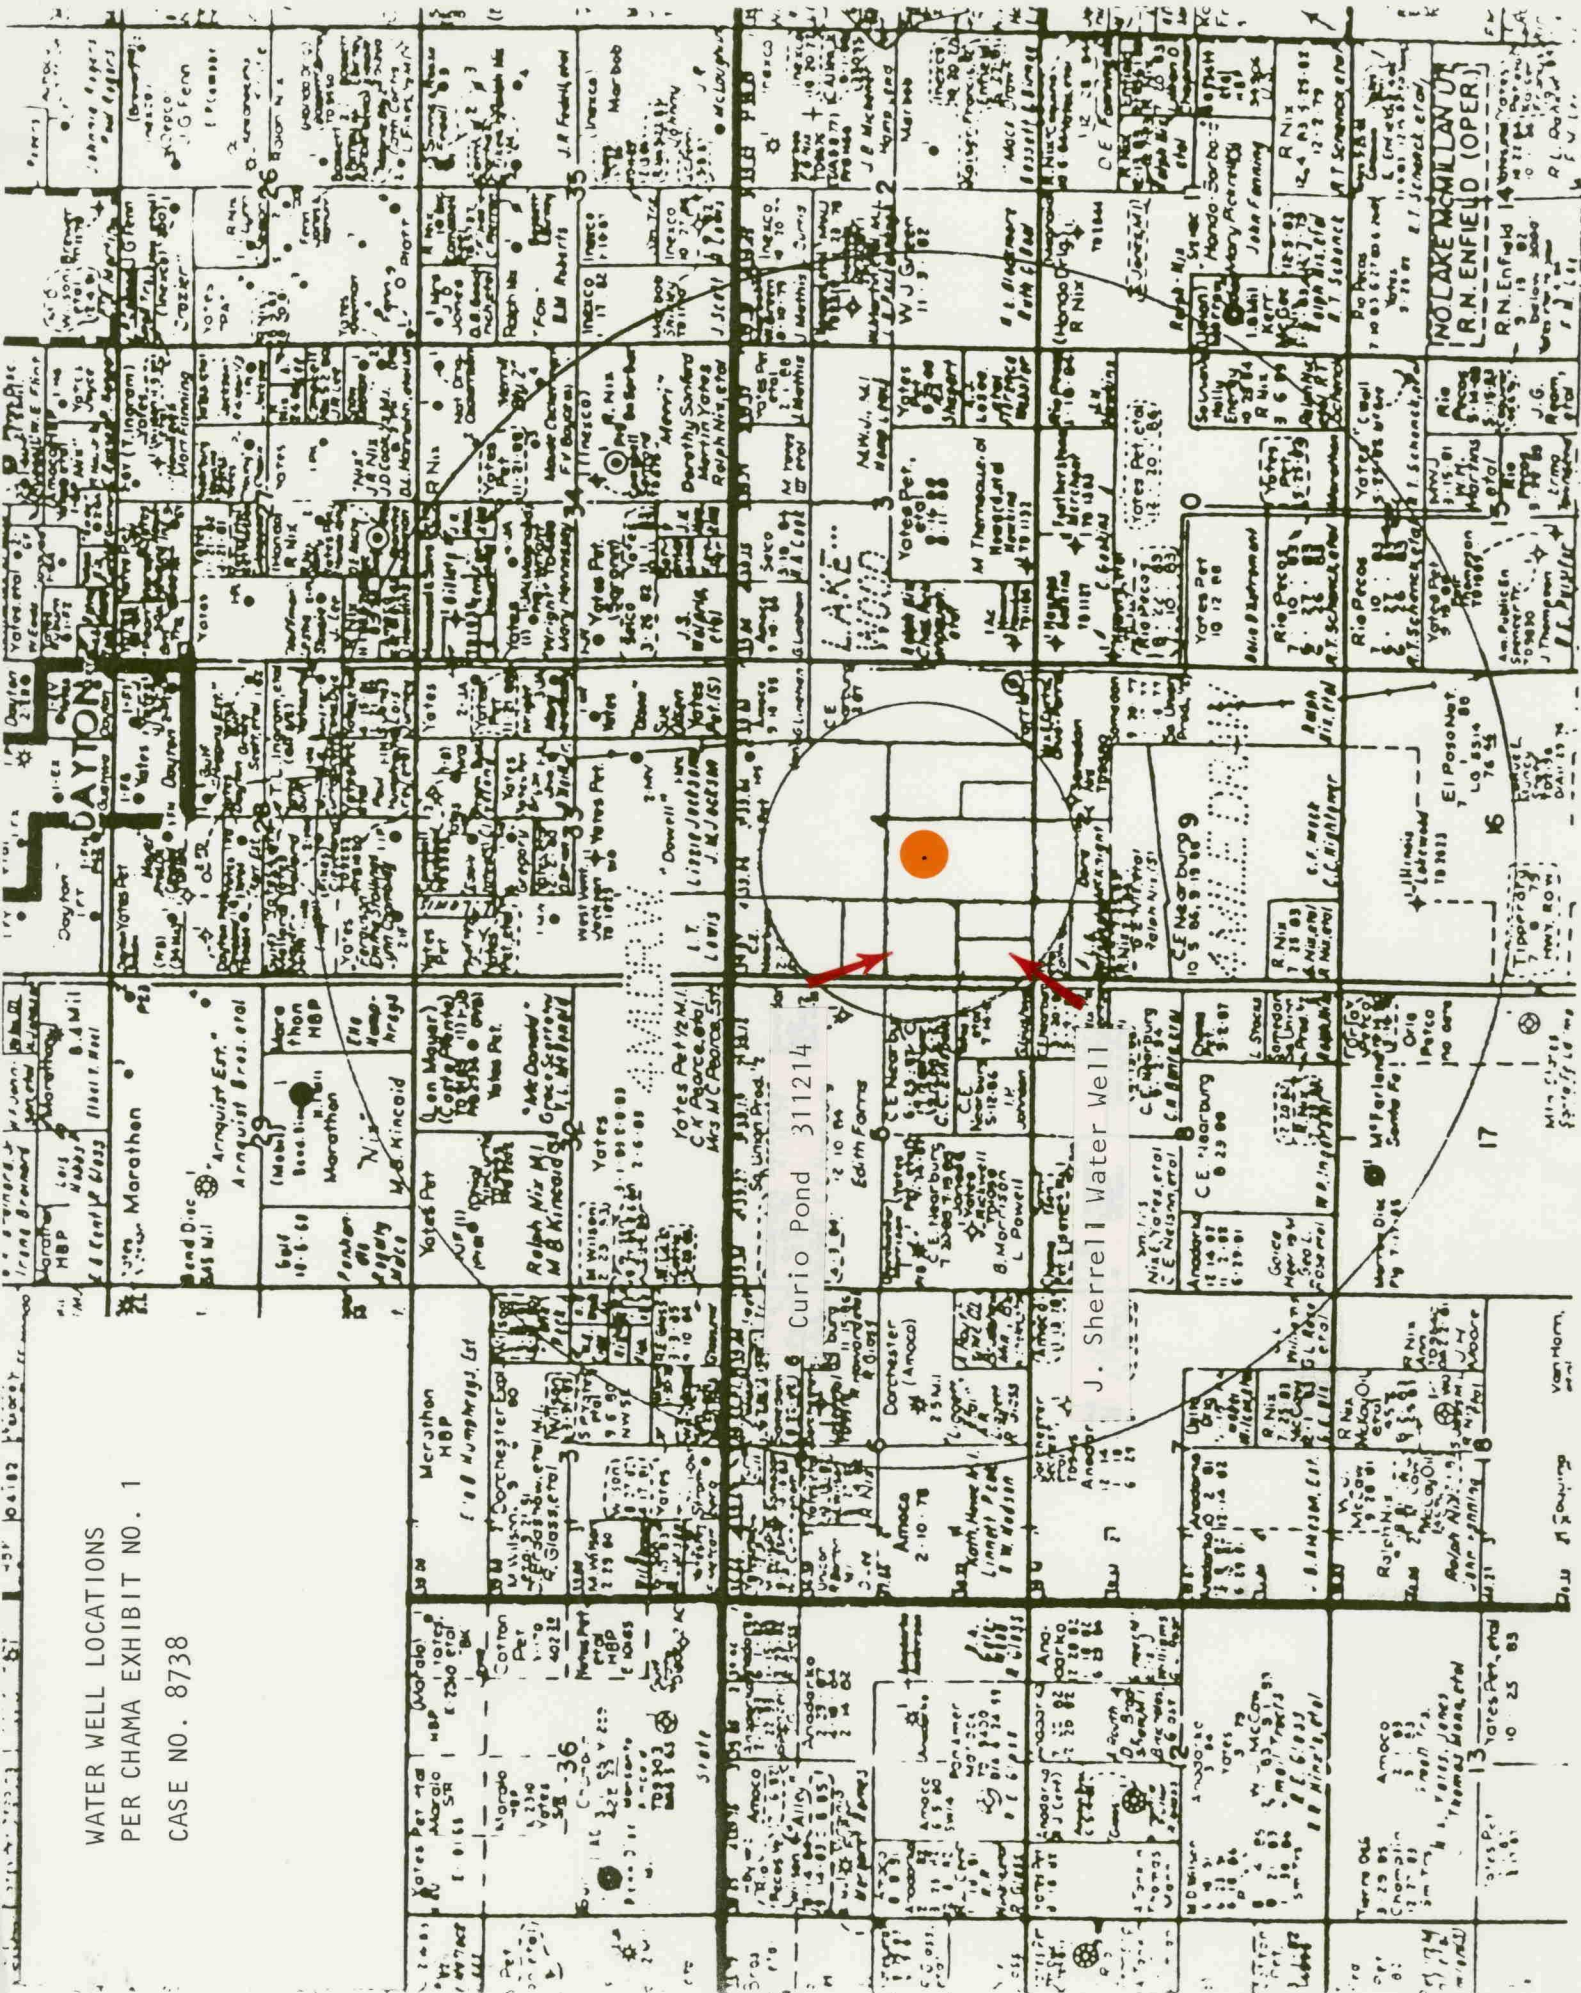

T.R. MacDona
