Re: Application for Compulsory Pooling
Mallon Oil Company
Rio Arriba County, New Mexico

Gentlemen:

Please consider this letter the formal application of Mallon Oil Company for an Order of the New Mexico Oil Conservation Division force-pooling all mineral interests from the top of the Mancos Formation to the base of the Dakota Formation underlying the N/2 of Section 13, Township 25 North, Range 2 West, N.M.P.M., Rio Arriba County, New Mexico, to be dedicated to a well to be drilled at a standard location thereon. Mallon Oil Company requests that such Order designate Mallon Oil Company as the operator of the proposed well and that it provide for the recovery by Mallon Oil Company and other joining parties of the costs of drilling, completing, equipping and operating the proposed well, together with a reasonable charge for risk involved in drilling the well. In addition, Mallon Oil Company requests that such Order establish a reasonable charge for the supervision of the well during the drilling and production stages.

This application was verbally communicated to your office on October 28, 1985. It is my understanding this application has been placed on the Examiner Hearing Docket for Thursday, November 21, 1985.
