RE: LPN-322946, Fract #146, well location "F" section 33, T-20-N, R-35-E,  
Union County, N.M.

Gentlemen,

Starting in 1981, Charles West made an attempt to locate, one Alfred Kress or his heirs by trying to obtain a phone listing at the last known addresses which were contained in an affidavit of mailing dated in the year 1955. No listings were found.

I made the same attempt in 1985 with the same results. Subsequently I have written several letters as follows; to Alfred kress last known address in Hawthorne Ca. which was returned marked "unable to forward", to the U.S. Census Bureau, to the Social Security Administration and to Mobil Corporations Employee Relations Department with no success. Copies of all this correspondence and any replies are attached. I hope this will enable you to go ahead with any hearing that might be necessary.

Please advise me of anything else I can do in this matter.

Yours very truly

Claude E. Neeley

Gentlemen:

I am attempting to locate some missing heirs who own some oil, gas and mineral rights in Union County, New Mexico. My Client, Amoco Production Company has drilled some wells in this area and are attempting to locate all of the current royalty owners so that they may pay them any and all royalties due them as a result of this drilling activity.

I have written to Alfred Kress at his last known address (as shown on the attached letter) which was an address as of 1955. The letter was returned marked unable to forward. I have contacted the U.S. Census Bureau, the County Clerk and County Recorder of Los Angeles County and made a number of phone calls to various entities but with no success.

If your letter forwarding unit could possibly send this on to a current address for this person, it would be greatly appreciated.

Thank you for your kind assistance in this matter.

Yours very truly
