Re: Order No. R-8287  
Case No. 8963  
Rio Arriba County, New Mexico

Gentlemen:

In the captioned Order dated August 28, 1986, the Commission ordered the pooling of all mineral interests in the W/2 of Section 16, T25N-R2W in the Gavilan Mancos and Gavilan Greenhorn-Graneros-Dakota Oil Pools. The well authorized under this Order was to have been commenced not later than November 30, 1986.

Mesa Grande Resources, Inc., the designated operator, has been unable to commence a well in the W/2 of Section 16, T25N-R2W due to delays in receiving title opinions and completing drilling title curative requirements.

Therefore, Mesa Grande Resources, Inc. respectfully requests an extension of time of ninety (90) days within which to commence our well.

We will appreciate your consideration in this matter and will look forward to hearing from you soon.

Very truly yours,

Kathy Michael  
Landman

Docket #23-86  
Examiner Hearing - August 6, 1986  
Oil Conservation Division

Gentlemen:

Please be advised that Meridian Oil would appreciate receiving a copy of the application in the above referenced cases which are more fully described below:

Case 8963:

Application of Mesa Grande Resources, Inc., for compulsory pooling, Rio Arriba County, New Mexico. Applicant, in the above-styled cause, seeks an order pooling all mineral interests in the Gavilan-Mancos and Gavilan Greenhorn-Graneros-Dakota Oil Pools underlying the W/2 of Sec. 16, T25N, R2W, to be dedicated to a well to be drilled at a standard location thereon. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of applicant as operator of the well and a charge for risk involved in drilling said well.

Case 8964:

Application of Mesa Grande Resources, Inc., for compulsory pooling, Rio Arriba County, New Mexico. Applicant, in the above-styled cause, seeks an order pooling all mineral interests in the Gavilan-Mancos and Gavilan Greenhorn-Graneros-Dakota Oil Pools underlying the E/2 of Sec. 23, T25N, R2W, to be dedicated to a well to be drilled at a standard location thereon. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of applicant as operator of the well and a charge for risk involved in drilling said well.
