MR. STOGNER: I will call next Case Number 8986, which is in the matter of the hearing called by the Oil Conservation Division on its own motion for an order creating and extending certain pools in Eddy, Lea, and Roosevelt Counties, New Mexico.

Call for appearances.

MR. DICKERSON: May it please the Examiner, I'm David Catanach, Petroleum Engineering Specialist with the Division here in Santa Fe, and I will testify and present this case today.

MR. STOGNER: Are there any other appearances?

There being none, please stand and raise your right hand.

(Witness sworn.)

MR. CATANACH: Mr. Examiner, I have previously testified before the Division and have had my qualifications accepted.

MR. STOGNER: Let the record so show.

1 MR. CATANACH: I'm prepared
2 this morning to make recommendations to the Examiner
3 concerning nomenclature for District I in Lea, Eddy, and
4 Roosevelt Counties, New Mexico. These recommendations are
5 prepared in the form of an exhibit and are identified as Ex-
6 hibit Number One. I have reviewed the contents of Exhibit
7 Number One and the advertisement for the hearing today, and
8 assured myself of their accuracy.

9 I would like to point out one
10 difference between Exhibit Number One and the advertisement
11 for this case, that being that we would like to dismiss Part
12 (a) of this case, that being the creation of the North Dead
13 Man's Draw Montay Gas Pool in Roosevelt County, New Mexico.

14 Other than that there are no
15 differences between the exhibit and the advertisement.

16 And I have nothing further in
17 this case, Mr. Examiner.

18 MR. STOGNER: Let the record
19 show that Exhibit One will be admitted into evidence today.

20 I have no questions of this
21 witness. If there is nothing further you may step down, Mr.
22 Catanach.

23 Case Number 8986 will be taken
24 under advisement.
