Re: Treating Plant

Gentlemen:

A recent inspection by this office found that you are currently operating a treating facility south of Bloomfield. This operation is in violation of our rules and you are directed to cease its operation immediately. All liquid in storage must be accounted for as to its source and volume to this office within ten days.

The use of plastic lines within a tank battery is not an accepted practice.

Sincerely,

Frank T. Chavez
District Supervisor

FTC/dj
