Attn: Gary Green

Dear Mr. Green:

Thank you for notifying IMC Fertilizer of your intentions to drill a hole in Section 17, T-23-S, R-31-E, Eddy County, New Mexico.

In accordance with the Statement of Agreement between the Potash Industry and Oil and Gas Industry on concurrent operations in the potash area, November 23, 1987, and the NMOCC Order No. R-111-P, we have found that the location of your proposed hole is more than 1/2 mile outside of our LMR.

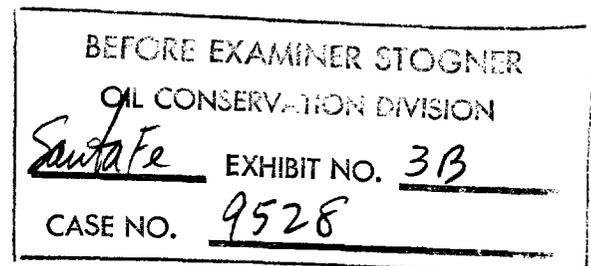

Although the potash industry is concerned with any and all oil and gas drilling in the potash enclave, and does not approve of any gas or oil drilling in the vicinity of current or future potash mine openings, IMC Fertilizer will not protest the location that you have submitted.

Sincerely,

John Purcell
