Re: Application of Stevens Operating Corporation for
Directional Drilling, Chaves County, New Mexico

Gentlemen:

This letter is to advise you that Stevens Operating Corporation has filed the enclosed application with the New Mexico Oil Conservation Division seeking an Order approving the directional drilling of its Deemar Federal No. 1 Well (previously its Philtex No. 1 Honolulu Federal Well) from a surface location of 1980 feet from the South and West lines to a bottom hole location within 100 feet of a point 1980 feet from the South line and 2475 feet from the West line of Section 9, Township 14 South, Range 29 East, N.M.P.M., Chaves County, New Mexico. Stevens Operating Corporation proposes to dedicate the E/2 W/2 of said Section 9 to this well, and drill it to a depth sufficient to test the Devonian formation.

This application has been set for hearing before a Division Examiner on May 10, 1989. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Very truly yours,

WILLIAM F. CARR
ATTORNEY FOR STEVENS OPERATING CORPORATION
