Gentlemen:

As requested in your May 1st letter and based on your test data submitted, the allocation formula for downhole commingled zones is approved as listed below:

	<u>Oil</u>	<u>Gas</u>
Blinebry Oil & Gas	37%	40%
Warren Tubb	33%	34%

This formula should be used for reporting production for each zone on your monthly operator's report. It is the operator's responsibility to notify the transporters of this commingling authority.
