IN THE MATTER OF THE APPLICATION OF
BIRD CREEK RESOURCES FOR SPECIAL
POOL RULES FOR THE EAST LOVING-
DELAWARE POOL, LEA COUNTY, NEW MEXICO.

OIL CONSERVATION DIVISION

CASE NO. 10226

APPLICATION

BIRD CREEK RESOURCES, through its undersigned attorneys, makes application to Oil Conservation Division for promulgation of Special Pool Rules and Regulations for the East Loving-Delaware Pool, including a gas-oil ratio of 5000 cubic feet of gas per barrel of oil produced and in support thereof states:

1. The East Loving-Delaware Pool was created by Oil Conservation Division Order No. R-8562, dated January 1, 1988 and now includes the following described acreage:

Township 23 South, Range 28 East, N.M.P.M.

Section 10: SE/4
Section 11: N/2, SW/4
Section 14: All
Section 15: E/2
Section 22: SE/4
Section 23: All
Section 24: NW/4
Section 26: NW/4
Section 27: E/2
Section 34: NE/4

2. Bird Creek Resources operates wells in this pool which are produced under statewide rules that limit production to 142 bbls of oil per day and a gas oil ratio of 2000 cubic feet of gas per barrel of oil produced.

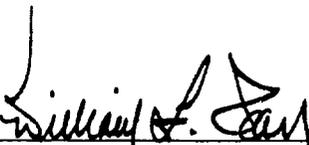

3. Bird Creek Resources seeks the promulgation of Special Rules and Regulations for this pool which will increase the limiting gas-oil ratio to 5000 cubic feet of gas per barrel of oil produced.

4. Approval of this application will protect the correlative rights of each operator in this pool by affording each the opportunity to produce its just and equitable share of gas and oil from this pool, will prevent the waste of hydrocarbons and is otherwise in the best interest of conservation.

WHEREFORE, Bird Creek Resources requests that this application be set for hearing before a duly appointed Examiner of the Oil Conservation Division on February 7, 1991 and, after notice and hearing as required by law, the Division enter its Order approving this application.

Respectfully submitted,

CAMPBELL & BLACK, P.A.
