Gentlemen:

This letter is to advise you that Tahoe Energy, Inc. has filed the enclosed applications with the New Mexico Oil Conservation Division seeking approval of three non-standard proration units in Lea County, New Mexico. You are not required to attend this hearing, but as an owner of an interest that may be affected by these non-standard proration units, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging these matters at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.

Re: Applications of Tahoe Energy, Inc. for Non-Standard Proration Units, Lea County, New Mexico

Dear Mr. Burlison:

This letter is to advise you that Tahoe Energy, Inc. has filed the enclosed applications with the New Mexico Oil Conservation Division seeking approval of three non-standard proration units in Lea County, New Mexico. Tahoe Energy, Inc. proposes to dedicate the non-standard proration units to be located at orthodox locations on those spacing units to be drilled to a depth sufficient to test the Jalmat Gas Pool.

These applications have been set for hearing before a Division Examiner on February 7, 1991. You are not required to attend this hearing, but as an owner of an interest that may be affected by these non-standard proration units, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging these matters at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.

Very truly yours,

WILLIAM F. CARR
