

This map illustrates the San Juan Basin in New Mexico, highlighting the Rincon Unit and a structure contour of the top of the Greenhorn Formation. The contour is marked with a +2000' elevation relative to sea level. Key locations include Durango, Shiprock, Farmington, and Cuba. The map also shows the Dakota Outcrops and the Gallup area. A scale bar indicates 25 miles. The map is bordered by Utah, Colorado, and Arizona.

EXHIBIT 1A. MAP SHOWING THE DAKOTA FORMATION OUTCROPS ALONG THE PERIMETER OF THE SAN JUAN BASIN IN NEW MEXICO, COLORADO AND ARIZONA.
