IN THE MATTER OF THE APPLICATION OF :  
YATES PETROLEUM CORPORATION FOR A : CASE NO. 104618  
PERMIT TO DRILL, EDDY COUNTY, :  
NEW MEXICO :  
\_\_\_\_\_ :

**APPLICATION**

COMES NOW **YATES PETROLEUM CORPORATION**, by its attorneys Losee, Carson, Haas & Carroll, P.A. (Ernest L. Carroll), and in support hereof respectfully states:

1. Applicant is the operator of the Delaware and intermediate formations underlying Township 22 South, Range 31 East, N.M.P.M., Section 2: Unit N, and proposes to drill its Flora "AKF" State No. 1 Well at a point located 660 feet from the South line and 2,310 feet from the West line of said Section 2.

2. Applicant seeks to test the Delaware and intermediate formations by drilling its proposed well to a depth of 8500 feet. Applicant has submitted its Application for Permit to Drill, Deepen or Plug Back, Form C-101, as required by Rule 102 of the Oil Conservation Division, to permit the drilling of the well at the above mentioned location. Applicant has further complied with Order No. R-111-P and has sent the required notice of such Application for Permit to Drill, Deepen or Plug Back to each potash operator holding potash leases within a radius of one mile of the proposed well, as reflected by the plat submitted with

applicant's Application for Permit to Drill, Deepen or Plug Back. Attached hereto as Exhibit "1" is a copy of Form C-101 as previously submitted.

3. Applicant has received verbal notice from the potash operator to whom notice was given that it will object to the drilling of said well.

4. Said location is in compliance with Order No. R-111-P(G)(3)(d), and upon information and belief is not located within any Life of Mine Reserves (LMR) or buffer zone as presently designated with the State Land Office. The permitting of such well will not result in undue waste of potash deposits, or constitute a hazard to or interfere unduly with mining of potash deposits.

5. A standard 40-acre oil proration unit comprising Unit N of said Section 2 should be dedicated to such well.

6. The approval of this Application will afford applicant the opportunity to produce its just and equitable share of oil, will prevent economic loss caused by the drilling of unnecessary wells, avoid the augmentation of risk arising from the drilling of an excessive number of wells, and will otherwise prevent waste and protect correlative rights.

WHEREFORE, Applicant prays:

A. That this Application be set for hearing before an examiner and that notice of said hearing be given as required by law.

B. That upon hearing the Division enter its order granting applicant permission to drill its Flora "AKF" State No. 1 Well at a point located 660 feet from the South line and 2,310 feet from the West line of said Section 2, Unit N, Township 22 South, Range 31 East, N.M.P.M., which is reasonably presumed to be productive of oil from the Delaware or intermediate formations.

C. And for such other relief as may be just in the premises.
